

TECHNICAL DATA SHEET

ND RS-8 Inspection Chamber

ND RS-8 Inspection Chamber

The ND RS-8 Inspection Chamber is made out of robust galvanized steel and secures the drainage of extensive green roofs. The ND RS-8 Inspection Chamber has a closed and isolated lid, bevelled edges and a broad base cover. By unfolding one of the side connection openings, the Inspection Chamber is also to be used as an edge inspection chamber. The ND RS-8 Inspection Chamber has 4 connection openings which can be connected to the ND Strip 150 Drainage System.

Application

The ND RS-8 Inspection Chamber Inspection Chamber is a component of the Nophadrain Extensive Green Roof System.

Properties

- Material: galvanized steel
- Height of chamber: approx. 80 mm

Product	Dimensions (L x W x H)	Packaging
ND RS-8 Inspection Chamber	approx. 300 x 300 x 80 mm (incl. lid)	per piece
